Single Sided Barbell Rack

Key Features

- Holds up to five barbells
- Steel catchers protects rack from damage
- Small footprint saves space
- Durable mild steel construction
- Rubber feet to protect floor

Product Description

This Origin barbell storage rack is vital for keeping gym floors and workout areas tidy and safe.

All Origin storage racks are manufactured to the highest level from powder coated steel and are extremely durable. This Single Sided Barbell Rack has a small footprint to save space and rubber feet to protect the gym floor. The rack comfortably holds up to five barbells, has steel catchers to protect from damage and is designed to complement the rest of the Origin Storage Range.
