

Performance Multi/Power Rack Platform - Standard

Key Features

- Integrates into the Origin Performance Multi or Power Rack
- Comes in two sizes - compact and standard
- Solid oak centre provides a solid base for movement and the rubber construction ensures impact and noise are kept to a minimum
- At 60mm thick the performance platform will withstand intense use
- RAPRA Tested to a critical fall height of 3m

Description

The Origin Integrated Performance Half Rack Platform is ideal for any gym in which heavy lifting is done. Utilise your space well with both standard and compact options. The platform is constructed of a solid oak wooden insert with rubber sound and impact absorbing tiles all encased in a steel surround. The steel surround is ramped to allow for easy wheelchair access.
