

Elite Soft Plyo Box

Product Description

Our Elite Soft Plyo Box Set is our most durable and high performing plyo product. Specially designed using our new premium covering, this plyo box set offers the same soft landing and protection in case of missed jumps, but increased integrity at the seams for busy training environments where the boxes take real a beating. The boxes come in five different height variations (3", 6", 12", 18", 24") which are available to purchase in two different sets - (3 Stack - 12, 18, 24) or (5 Stack). The boxes can also be joined together using durable velcro straps, allowing the user to create varying heights as they progress.
